

ARABELLA D. PABULAR

DATA ANALYST

Negros Occidental, Philippines | +63 920 716 2201 | pabulararabella@gmail.com
linkedin.com/in/arabella-pabular-204942289 | public.tableau.com/app/profile/arabella.pabular

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on experience in dashboard creation, data cleaning, and predictive analytics across healthcare and education sectors. Skilled in transforming raw data into actionable insights using Power BI, Python, SQL, and Google Sheets. Proven ability to manage end-to-end data processes, from data integration to reporting, delivering measurable results, including a 90%+ accurate predictive model.

TECHNICAL SKILLS

- **Data Analysis & Visualization:** Power BI, Tableau, Looker Studio, Google Sheets, Microsoft Excel, Dashboard Design, KPI Tracking, Data Cleaning, Data Wrangling
- **Databases & Query Tools:** MySQL Workbench, Microsoft Access, SQL
- **Programming & Modeling:** Python, Machine Learning, Predictive Modeling
- **Core Competencies:** Data Integrity Validation, Report Automation, Stakeholder Reporting, Root Cause Analysis, Trend Analysis

PROFESSIONAL EXPERIENCE

Data Analyst

La Castellana Primary Care Facility | May 2026 to Aug 2026

- Led data analysis on 3,300+ emergency room records using Google Sheets, consolidating raw intake and treatment data and building the facility's first-ever interactive dashboard to track key ER metrics, including patient volume, wait times, and case outcomes
- Developed a mortality rate dashboard in Google Sheets to monitor facility trends over time, introducing a new capability for data-driven clinical and operational review that previously did not exist

Data Analyst Intern

Kippap Learning Corporation | Jan 2026 to Apr 2026

- Cleaned and analyzed LMS/assessment data for 500+ students using MySQL Workbench and Excel/CSV
- Built 2 Power BI dashboards visualizing student engagement, passing rates, and performance trends
- Resolved data quality issues across 10+ datasets, improving reporting accuracy and consistency
- Delivered weekly data insights via Power BI reports to support instructor and stakeholder decisions
- Built a support ticket tracker with real-time KPIs, monitoring 60+ monthly cases and root causes

PROJECTS

Student Churn Prediction

Data Analytics Capstone Project | Jan 2025 to Nov 2025

- Built a predictive dashboard to flag at-risk students, integrating academic, payment, and sentiment data using Microsoft Access, Python, and Power BI
- Trained Machine Learning models (Random Forest, XGBoost, Logistic Regression), achieving 90.26% accuracy and 86.97% F1-score
- Validated system via UAT with 100% refresh success and 95.2% user satisfaction
- Delivered a Power BI dashboard for stakeholders to filter student risk by term, program, and category

EDUCATION

Bachelor of Science in Information Technology, Major in Data Analytics, Summa Cum Laude

Mapúa Malayan Digital College | Aug 2022 to Aug 2026

- Relevant Coursework: Data Analytics Fundamentals, Database Principles & Design (ERD, DFD, Data Dictionary), Exploratory Data Analysis, Data Cleaning & Manipulation, Statistical Analysis, Data Mining, Machine Learning & Predictive Analytics, Dashboard Development (Tableau, Power BI, Looker Studio/Google Data Studio)

CERTIFICATIONS

- ChatGPT for Project Management Certificate, Coursera (Mar 2026)
- Introduction to Project Management with ClickUp Certificate, Coursera (Mar 2026)
- Time Management for Personal & Professional Productivity Certificate, Coursera (Mar 2026)
